This workshop is sponsored by:

Presentation Title:

Emotional Support Animals (ESA) Training

Presenters: Ariel Landrum, LMFT

Program Objectives:

- History of ESA accommodations, disability accommodations, including laws and other rights
- What an assisted animal is and the different types of assisted animals
- Which populations benefit the most from emotional support animals
- The cultural considerations when writing a letter
- What is needed in an emotional support animal letter Including legal and ethical considerations when writing the letter
- The rights of landlords and housing managers Including the exceptions that can result in a request being denied

Schedule: Registration begins at 9:00 am and the workshop begins at 9:30. A light breakfast will be provided, and lunch is on your own, from 11:30-1pm. A Q&A will follow the presentation and participants will receive their CE certificates prior to dismissal.

About the Presenter

Ariel Landrum is a Licensed Marriage and Family Therapist and Certified Art Therapist. She is a proud Filipina American practicing teletherapy out of Reseda, California. She is a self-identified "geek therapist" who uses her client's passions and fandoms to create connections, strengthen self-esteem, and support individuality. She has worked with children ages 3-17 years old, adults 18-61 years old, and senior citizens 62-83 years old. She specializes in working with: military members and their families, the 2SLGBTQIA+ community, and survivors of sexual assault and childhood sexual abuse. She also has expertise in the ESA letter assessment and writing process, as well as the Gender Affirmation Surgery assessment and letter writing process. When she is not helping members of her Coop thrive as private practice clinicians, you can catch her playing Stray or petting her pup while watching Disney+.
